POINTS OF INTEREST

1	The Ventspils Coastline Open Air Museum	Rīnķa iela 2, Ventspils + 371 63624467	Visitors will see a copy of the Mazirbe railroad station. A tram with a steam locomotive that was built in 1916 offers travel to visitors.
2	Ventspils	Dārzu iela 6, Ventspils, (Ventspils TIC) +371 63622263	The largest city near the Liv Coastline, where visitors will find the Ventspils branch of the Liv Association and the Liv ensemble "Rāndalist." In nearby Tārgale are the Liv ensembles "Kāndla" and "Piški kāndla."
3	Oviši / Paṭikmō	Oviši, Tārgales pag., Ventspils nov.	The Livs did not consider Oviši to be one of their villages. Some of the homes in the village have preserved old buildings and a unique system of fencing.
4	The Oviši lighthouse and museum	Oviši, Tārgales pag., Ventspils nov., +371 26264616	This is the oldest functioning lighthouse in Latvia. Dating back to 1814, it is 38 m high. The museum is alongside the lighthouse.
5	The Oviši Nature Reserve	Tārgales un Ances pag., Ventspils nov. +371 63286000; 28385025	The reserve was set up to protect coastline biotopes. In the reserve are typical buildings and structures related to coastline Liv villages.
6	The Ventspils International Radio Astronomy Centre	Irbene, Ances pag., Ventspils nov. +371 29230818; 26413925	This was one of the most secret military locations during the Soviet era. Today it is managed by the Ventspils University College Institute of Engineering. The eighth largest parabolic antenna that is part of the centre is used to study the cosmos.
7	The Ance swamps and forests	Tārgales un Ances pag., Ventspils nov. +371 63286000; 28385025	This area protects an area of forests, swamps and beautiful little forest lakes that have been affected very little by people. The aim is to defend the natural environment. Excursions with nature guide, photo hunting (t.26844295).
8	Lūžņa / Lūž	Lūžna, Tārgales pag., Ventspils nov.	During the Soviet occupation, people in this area were forced to abandon 36 homes and two boat piers. Today only a few homes are inhabited.
9	Miķeļtornis / Pizā	Miķeļtornis, Tārgales pag., Ventspils nov.	Here you will find the Miķeļbāka lighthouse and the only saloon that has been preserved in Liv coastline villages (built in 1857). The location has a campsite, guesthouse and summer restaurants.
10	Miķeļbāka	Miķeļtornis, Tārgales pag., Ventspils nov.	The Miķeļbāka lighthouse was built in 1957 and is the highest one in Latvia. Standing 58 m tall, it can only be viewed from the outside.
11	Lielirbe / Īra	Lielirbe, Tārgales pag., Ventspils nov.	Documents show that there was a port in the Irbe valley in 1387. Around the turn of the 19th century, sailing ships were built here. After World War II, military bases were established here, and the village all but disappeared.
12	The hanging bridge over the Irbe River	Lielirbe, Tārgales pag., Ventspils nov.	The bridge across the Irbe River will be restored by 2019 so that bicyclists and pedestrians can cross the bridge where the former tram tracks were located.
13	Jaunciems / Ūžkilā	Jaunciems, Tārgales pag., Ventspils nov.	This was a small village in the past, and only a few homes are inhabited today.
